

Bank7 Online Banking, Bill Pay and Popmoney® Consumer Enrollment Instructions

First things first...some good news about our online security!

We've added multiple layers of security that help ensure your information is secure, protecting you from fraud and identity theft. We do this in three ways:

1) Verify your login credentials, 2) check the device you're using to make sure it's recognized as one you've used before, and 3) confirm your access request is not unusual for your geographic location.

Follow these simple steps to enroll.

Step One: The Q&A

BANK7: "Do you have a personal Bank7 account?"

VIP: (that's you!) "You betcha!"

BANK7: "Okay, go to bank7.com and find the online login section on the homepage. Select the personal online banking button under the Access ID box. Click *first time user*, read the online banking terms and conditions and click the accept button if you agree. Do you agree?"

VIP: "Check!"

BANK7: "If you accept, you'll be taken to a first time login screen where you'll answer a few simple questions to enroll." Example

First Time Login

Your Access ID is your account number and password is your enrollment process.

First Time User Authentication

- * First Name:
- * Last Name:
- * Email Address:
- * Security Question
(e. g. What is my pet's name?):
- * Security Answer
(e. g. Spot):
- * Temporary Access ID (any existing account):
- * Enter Account Type:
- * Temporary Password: If you have accessed TeleBanking

(If not, use the last 4 digits of your SSN for the Temporary Password)

* Indicates Required Field

Fill in the boxes with:

-First and Last Name

-Email Address

-A question and answer that you create

(this will help us verify your identity if you call the bank for online help)

-Temporary Access ID

(this is your existing or primary account number)

-Select Account Type of your Access ID in the drop down

-Temporary Password

(this is the last four digits of your SSN or telebank PIN)

BANK7: "Did you click the submit button after you finished?"

VIP: "Got it!"

BANK7: "Next you'll select three challenge questions and answer them. Then choose whether this is a personal or public computer, and click submit to register."

VIP: "Wait...what does choosing a computer to register mean?"

BANK7: "You should only register personal computers that you frequently use and are not available to the public."

VIP: "So I want to register my home computer, but not my work computer?"

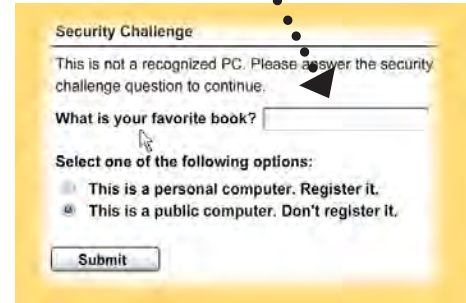

BANK7: "Yes, that's the most secure."

Step Two: Logging In

1) Login using your current Access ID and click submit.

- If your device or location is not recognized by our security, then you will be prompted to answer one of your challenge questions.

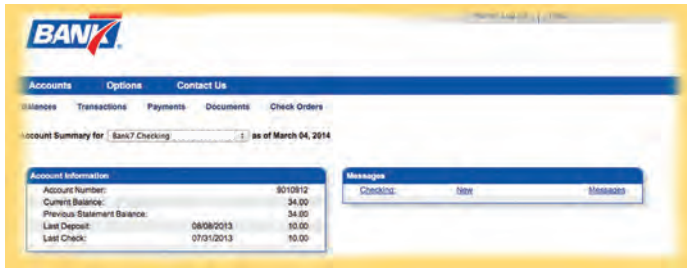

2) Then enter your password and click submit.

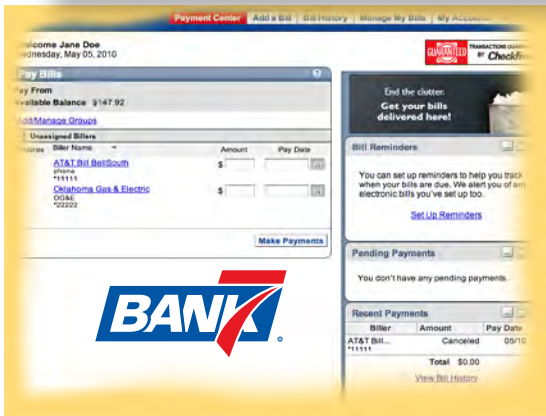

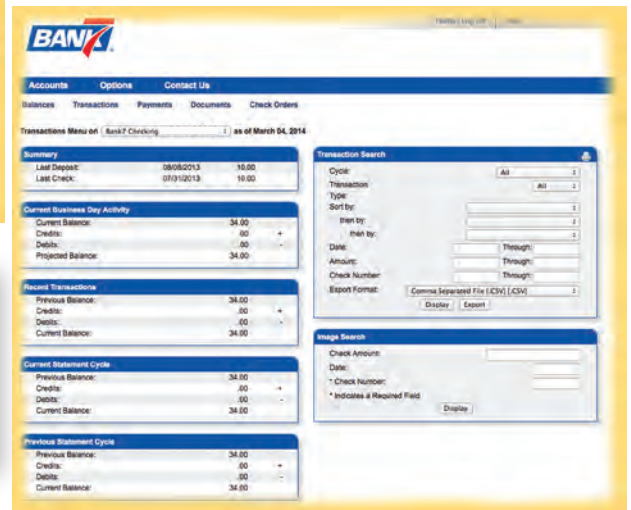

- Once your answer is submitted, enter your password and click submit again.

Step Three: Manage Your Money
